

BELIEVE THAT THE GERMANS WHO VIOLATED THEIR PAROLE ARE ABOARD LINER

Washington, D. C., October 23 - As the result of conferences over the parole breaking of the six warrant officers who slipped away from the German auxiliary cruiser Kron Prinz Wilhelm a week ago Monday, a government official who participated in the conferences said today he was sure the men are now at Hoboken, N. J., aboard one of the big German liners there.

ITALIANS LAUNCH GENERAL ASSAULT

Great Pressure Brought to Bear
Upon Austrians With Expectation of Holding Up Invasion of Serbia.

ITALIAN SQUADRON AIDS ANGLO-FRENCH FLEET IN BOMBARDING BULGARIAN PORTS

From Switzerland to Adriatic Shore Italians Batter Enemy, Making Many Important Gains—Russ Forcing Austrians Back in Galicia—Hindenberg Checked and Part of Army Repulsed Near Riga—Bulgars and Teutons Capture More Serb Territory—Turks Expect Kaiser to Take Christmas Dinner in Constantinople.

By Associated Press.

Eudine, Italy, via Paris, October 23.—The Italian army is making a general attack along the whole line from Switzerland to the Adriatic.

In the preceding five months Italian efforts have been devoted to securing Italy against the possibility of an Austrian invasion.

In the opinion of the Italian general staff, this has been accomplished and the war is now entering its second phase.

It is estimated here that the Italians have taken 25,000 prisoners during the war and have put out of action upward of 100,000 men in all.

Italian losses, including killed, wounded and prisoners, amount to about 45,000.

Berlin, via wireless to Sayville, L. I., October 23.—German troops have crossed the Drina river in northwestern Serbia near Visegrad, driving southward the Serbians on the heights, according to the official statement issued today by German Army Headquarters.

It is also announced that Bulgarian troops have captured the Serbian towns of Negotin and Rogljevo.

London, October 23.—A great battle is in progress on the Italian front. Advances from Rome and Vienna indicate that the offensive movement of the Italians, undertaken presumably to relieve pressure on the Serbian front, is under full headway.

Vienna claims the Italians were repulsed with heavy losses, although they succeeded in reaching the Austrian positions in some places. The Italian staff, however, announces a series of important successes, saying the Austrian line was pierced in several sectors and many Austrian positions captured.

Brindisi, Italy, via Paris, October 23.—The Italian squadron is taking part in the blockade and bombardment by the entente allied warships of the Bulgarian coast in the Aegean Sea, according to a dispatch here today.

London, October 23.—Petrograd says von Hindenburg's drive toward the Baltic port of Riga has again been checked and that nearer the

center of the German line German counter attacks have been repulsed.

Fighting on the left bank of the Styx continues, and the Russians assert they have made further captures of large numbers of men.

Vienna acknowledges Austrian troops have retired in Galicia under pressure of superior Russian forces.

Paris, October 23.—An official communication given out this afternoon says that the warships of the entente allies bombarded on Thursday the Bulgarian port of Dedeagatch, in the Aegean Sea.

Warehouses and wharfs were bombarded but not residential quarters of the city.

A number of military posts along the Bulgarian coast were destroyed, the report says.

Budapest, October 23.—Military experts on the newspapers here estimate that not more than six months more will be required to establish communication with the Turkish army.

One paper, however, says: "The German emperor will spend Christmas at Constantinople, at the head of his victorious troops."

SAY ANOTHER WOMAN SHOT

By Associated Press.

Amsterdam, via London, October 23.—The Telegraph publishes an article from its Antwerp correspondent under title "The Paternal Administration of Belgium," in which it is said that some weeks ago a French woman, Madame Louise Frenay, was executed at Liege.

The correspondent says that the aim of the German firing squad was not accurate and that as in the case of Miss Edith Cavell, shot under similar circumstances, the commanding officer of the firing squad was obliged to put Madame Frenay to death by shooting her through the head with a revolver.

WILL INSURE PROPER DELIVERY

Washington, October 23.—Formation of an American trust company similar in organization to the Netherlands Overseas trust, to handle American products abroad with assurances that they will not reach the belligerents, was announced today by Secretary Redfield of the Department of Commerce.

The company will have the unofficial recognition of the government.

84 MORE THIS YEAR

By Associated Press.

Cincinnati, October 23.—The Hamilton County liquor license commission today announced that 936 licenses have been issued to different individuals in Hamilton county, 816 of which go to Cincinnati.

This is an increase of 84 over last year.

MUST PREPARE FOR FINANCIAL ATTACK ALSO

Louisville, Ky., October 23.—Warning that the United States should prepare for "a commercial invasion" as well as for a military invasion was voiced by Charles Warren Fairbanks, former vice-president in an address delivered at a political meeting here tonight.

"The present prosperity of certain industries based upon war orders is inherently temporary," he said. "Within the period of the next administration, our national life and the markets of the world are going to be profoundly affected by the great conflict now raging abroad. We must meet that with a constructive pro-American program which consists of:

"First, the restoration of the protective tariff; second, adequate preparedness for national defense; third, the restoration of the American flag to the oceans; fourth, organization to market our wares in the world markets."

35,000 WOMEN AND MEN IN GREAT SUFFRAGE PARADE

By Associated Press.

New York, October 23.—Thousands of women and several thousand men marched up Fifth Avenue today, in what leaders declare was the greatest demonstration ever made in favor of woman suffrage.

Before the line started enthusiastic leaders asserted that fully 25,000 women were in line when the parade formed at Washington square.

More than ten thousand men had registered for the march.

The chief feature of this year's demonstration, aside from the numerical strength of the women, was the Mother and Child Division.

Scores of children in baby carriages decorated with suffrage colors were included in this division, and the mothers believed the children would furnish a favorable answer to anti-suffrage charges that suffrage workers neglected their children to march.

The marchers wore small white felt hats. A number of floats and divisions representing states and the different professions were in line.

CARRANZA REPLIES TO RECOGNITION NOTE

By Associated Press.

Washington, October 23.—General Carranza, through his representative here, addressed a note today to the United States and the other American republics which have recognized his government, expressing his appreciation of their action and announcing that diplomatic representatives soon would be accredited to the various countries.

General Carranza declared it was the purpose of his government to establish cordial relations with all countries.

State Department officials today admitted hearing a rumor from Juarez, attributed to Villa officials, that Felix Diaz and forty thousand Zapata troops were menacing Mexico City.

It was said at the Department that no such number of Zapata troops had ever been reported before as in the field, and it was not credited.

KRALJEVO IS NEW CAPITAL

By Associated Press.

Bucharest, October 23.—It is reported here that the seat of the Serbian government has been transferred from Nish to Kraljevo.

The plan to transfer the Capital

to Monastir, in southwestern Serbia near the Greek border, was abandoned on account of the interruption of railroad communications.

KAISER TO FIX PRICES

By Associated Press.

Berlin, via wireless to Sayville, L. I., October 23.—The German federal government today decided to assume control of the price and supply of victuals throughout Germany.

Up to the present time the state provincial authorities had been considered competent to handle the food situation.

The German government now considers it necessary, the Overseas News Agency says, to equalize the position of the various sections of the empire as to the distribution and the price of victuals, which are abundant but under different conditions in the various states and provinces in Germany.

CLENDENNING BACK ON JOB

By Associated Press.

Columbus, October 23.—Byron M. Clendenning, of Cincinnati, today was sitting on his job as Democratic member of the State Liquor Licensing Board, in disregard of Governor Willis' action yesterday in dismissing him after sustaining charges of official misconduct at the end of a two days' hearing of the charges.

Counsel for Mr. Clendenning today began preparing their appeal of the case to the Supreme Court.

APPEAL MADE TO GOVERNOR

By Associated Press.

Brownsville, Texas, October 23.—Ranchmen living along the Rio Grande 50 miles west of here today appealed to Governor Ferguson for protection for their lives and property.

If this cannot be had, their appeal says, they ask immunity from prosecution in order that they may, at their own risk, cross the Rio Grande and get back property stolen from them and taken to Mexico.

HUERTA HAS NEW LEASE

El Paso, Tex., Oct. 23.—Failure of the government to secure indictments against General Victoriano Huerta's alleged confederates, charged with conspiracy to violate American neutrality, is regarded here as an indication that General Huerta's case will also be dropped. It is scheduled for consideration by a grand jury at San Antonio in December. Huerta's friends, who have been discharged from bond, are Frank and Ike Alderote, Jose Zozaya and General Marilo Carveo. General Orozco's case was terminated when, after fleeing his bond, he and four companions were recently killed near Van Horn, Tex., by American peace officers.

VILLA FACTION IS AGAIN HARD HIT

Embargo Is Proclaimed on Mexican Exports.

CRIPPLES CARRANZA'S FOES

Shipments of All Meats Out of Northern Mexico to Be Stopped by Federal Order and Particular Scrutiny To Be Given Cattle Shipments Entered For Import Across the River, Arredondo's Mission.

Washington, Oct. 23.—Aimed at the Villa faction in northern Mexico, a new embargo has been issued by the federal government.

Not only exports out of the United States territory into Villa country in northern Mexico, but imports out of Chihuahua and Sonora states, on the northern side of the river, have been blocked. From now on every carload of goods intended for shipment to Juarez must be unloaded and reloaded under the eyes of a customs inspector. Every dealer in El Paso must supply the customs house with an inventory of all ammunition on hand, or expecting to arrive, or has sold or sent out, with details of its destination and supplies on hand.

The shipment of all meat out of Juarez for this side of the Rio Grande has been stopped by federal order and the local packing plant at El Paso has received orders to close down and refuse all shipments of dressed meats out of northern Mexico, without redress of any kind.

Particular scrutiny is being given cattle shipments entered for import from across the river, with especial attention given to unbranded calves.

Demonstrations of anger in Juarez over the American embargo resulted in doubled guards on the American side at all bridges and double patrols of troops along the river bank.

Eliseo Arredondo, who received the recognition of the United States and the Latin-American republics for the Carranza government in Mexico, left today for the Mexican border to present in person to his chief the communications handed him by Secretary Lansing and the Latin-American ambassadors and ministers last Tuesday. Mr. Arredondo has had long talks with Secretary Lansing and members of the Latin-American diplomatic corps on Mexican affairs generally and will make a full report on the negotiations he has conducted here. It is understood that among the subjects he will discuss with General Carranza will be the situation on the border, resulting from persistent raids by Mexican bandits into American territory.

Two More Mexicans Killed.

Brownsville, Tex., Oct. 23.—A detachment of the Sixth cavalry fired on and killed two supposed Mexican bandits who were crossing the Rio Grande at the San Pedro ranch, twelve miles up the river from Brownsville. Both were armed. The bodies were not recovered. Lieutenant T. R. Vannatta of Troop L, Sixth cavalry, was in command of the detachment.

ITALIAN GAINS

Rome, Oct. 23.—An official statement issued here by the Italian war office says "the offensive successfully begun in the Tyrol and Trentino has been extended all along the line to the sea. Many Austrian positions have been taken."

DUKE IS "BROKE"

London, Oct. 23.—It was announced here that an order for a receiver had been issued against the Duke of Manchester in the petition of a creditor. The Duke of Manchester married Helen Zimmerman, daughter of the late Eugene Zimmerman of Cincinnati.

VICTIM OF THE WILES OF LEWIS DIES IN SOUTH

Miss Stella Hodson, of Leesburg, died in a hospital in Birmingham, Alabama, Thursday, after undergoing an operation. Her mother, Mrs. J. D. Hodson, was at the bedside of her daughter when she died.

The remains, in charge of the heart-broken mother, arrived in Leesburg Friday evening and burial is to be made in the Wilmington cemetery.

The girl was induced to leave her home by Prof. Chas. Lewis, of New Vienna, who left his wife and children last February, and nothing was heard of the pair until word was received by the girl's mother that she was in a hospital and must undergo an operation for appendicitis.

The girl's mother hurried to her daughter's bedside, while Sheriff Ben South, of Clinton county, accompanied her and arrested Lewis, who was subsequently returned to Wilmington and is under indictment at that place for abandoning his family.

No case in a great many years has aroused the interest and indignation in this part of the state as the dark work of Lewis, and the sad death of the unfortunate girl deepens the gloom into which her friends were plunged by the sensational elopement of last spring.

MEETING BRINGS OUT LARGE ATTENDANCE

The Washington Union W. C. T. U. held its regular meeting at the home of Mrs. Austin F. Hopkins, Friday afternoon.

The bright afternoon brought out an unusually large number and the session was one of much enthusiasm.

After the usual preliminaries, interesting with readings, Mrs. Hopkins, Supt. of the committee of Christian Citizenship, took charge of the program. In a brief talk Mrs. Hopkins said: "There is nothing this country needs more than Christian citizenship in action. There never was a time when unity, alertness, loyalty and willingness to serve were more needed. The liquor interests are alert—liquor men are loyal—the business men are too timid to be loyal. If all Christian men would stand together they could control the vote."

Light refreshments were served after the program.

CHURCH SUPPER WELL PATRONIZED

The First Division of the Ladies' Guild of the Presbyterian church, Mrs. Josephine Kerr, chairman, gave the first of a series of suppers in the basement of the church Friday night. It proved an appetizing roast chicken supper and was well patronized. The long tables, prettily decked with chrysanthemums, seated again and again.

The annual Thanksgiving chicken pie supper of the Guild will be given on November 19th.

FIRST AID CLASS HOLDS FIRST MEET

The first aid class, organized at the Y. M. C. A. and open to all intermediates was organized Friday night with nine members enrolled and with Dr. A. D. Woodmansee as instructor. The boys took great interest in the instructions received and are eager for the next lesson. A greatly increased enrollment is predicted for the next meeting.

SETTLEMENT FOR COTTON CARGOES

Washington, Oct. 23.—Settlement by the British government for American cotton cargoes seized by the British will be made on the basis of the market value of the cotton at the port of shipment at the date of shipment, according to an announcement made at the state department.

Crazy Over Amusements.

Cleveland, Oct. 23.—The fall meeting of the Northern Ohio Teachers' association was held here with 7,000 teachers in attendance. The principal address was made by Edwin Sparks, president of Pennsylvania State college. He said: "America has gone crazy over amusements. The home as an institution has been practically supplanted by the movie show."

TWO AVIATORS DROP TO DEATH

Lynn, Mass., Oct. 23.—J. Chauncey Redding of Melrose and Philip Bulman of Malden were killed by the fall of a biplane in which they were making an experimental flight. Redding, who was manager of the Sausage aviation school, was the operator of the machine and Bulman was his mechanic. They had risen from the aviation field and were soaring over the marshes nearby when the wing framework appeared to collapse and the machine dropped. Both men were buried to a depth of two feet in the soft mud of the marsh and were dead when taken out.

GERMAN OFFICER SHOOT'S WOMAN

Amsterdam, Oct. 23.—The Germans, it is said, executed a French woman, Mlle. Louise Frenay, at Liege, two weeks ago. It is asserted the firing squad carrying out the execution purposely aimed low and hit the woman's legs. The officer then shot her through the head with his revolver.

Wake Up! Last Chance!

COME OUT SUNDAY AND BRING YOUR FRIENDS!!

For white people of good character, regularly employed, we will build a plain, substantial, unfinished frame house, 16x20 feet, on two lots in Avondale, and you may pay for the house and lots at the rate of \$25 cash and \$2 per week. This will stop your rent and provide a cozy little place to live in until you can add a couple more rooms and make it a complete, up-to-date bungalow. Nearly all Avondale lots sell for \$198 each. These lots have cement sidewalks and graded streets—all in and paid for. All lots are forty feet wide. Close to school and church.

Quit Paying Rent

Our idea is that a great many people are tired of paying rent and would gladly buy a couple of good lots on payments, but they don't feel able to pay on lots that must lie idle while they pay rent somewhere else. HERE'S YOUR CHANCE TO QUIT PAYING RENT AT ONCE. The unfinished house will do very well as a start and you can develop it into an attractive, permanent home by adding more rooms to it later. If you are tired of paying and paying and paying rent and want to get started in your own place, VISIT AVONDALE AND SEE WHAT IS BEING DONE.

The President's Proclamation

Every citizen of the United States should read the Thanksgiving Proclamation of President Wilson. That proclamation is one to be read understandingly and appreciatively because it is a proclamation issued by the chief executive to the people of this fortunate land under conditions the like of which never existed in the history of the world.

Every one who reads, understands and appreciates that wonderful document will not only be thankful he is an American citizen, but he cannot help being a better and more grateful citizen. He cannot help feeling more kindly and more charitable toward his fellow men, more devoted to the giver of all things.

The proclamation is the utterance of great truths by a great statesman, a devoted and honest servant of the people and a Christian man.

The purpose which has controlled the president and the belief that has sustained him in all the troublous times he has passed through during his incumbency, stand revealed in all their beautiful simplicity.

The simple earnestness with which he has labored for a great cause and a great nation and people, the high ideals which he has maintained, the victories he has won by force of right alone are plainly told for the great lesson they teach without any hint of egotism.

While the proclamation is issued in compliance with an annual custom, the president has made the discharge of a formal duty an opportunity to tell great truths.

The Wonder of It All

War correspondents "on the ground" are beginning to tire of writing of death and destruction, and have turned for the moment from the scenes of bloodshed and turmoil of the continuous European battle (and this war is one monster battle) and are now telling their readers something about the awful cost of the war.

The best authorities on finance in Great Britain now estimate that if the war is ended at the earliest time fixed by the most optimistic as possible, the cost to England will be ten billion dollars.

The annual interest rate on this enormous debt will be about seven hundred and fifty million dollars each year—three times the amount of the gross annual income of the Pennsylvania railroad system and the New Haven railroad system combined. When we Americans realize that the coming generations of Englishmen will be compelled to pay this enormous sum annually as interest and that the annual interest charge alone is nearly fifty million dollars in excess of the entire revenue receipts of the United Kingdom we can begin to comprehend to some extent the awful cost of the war.

Then, too, we must consider that England is only one of more than half a dozen great nations at war and we multiply the cost to England by the number of nations engaged in war imagination fails to grasp the immensity of it all and human beings begin to realize that the way out of it all is beyond human power to direct.

Humanity cannot but speculate though on what, of education, benefit to the poor, the betterment of human beings individually and collectively, could have been brought about if the same amount of money and energy had been spent in an endeavor to help men instead of destroy them.

When humanity wonders this, humanity wonders why, and with wonder we must leave the question unanswered and not even comprehended.

The Flag and Our Duty

In these days when we are hearing so much about being prepared for defense and being prepared for war, when the secretaries of the war and the navy have submitted plans and specifications calling for the expenditure of nearly a billion dollars for a larger army and navy, when the officials are endeavoring to devise some means to increase the reserve army force or "citizen soldiery" would it not be well to intensify among the older folks and create among the children, that patriotism which is the bulwark of a nation.

A great many editorial writers throughout the land are reviewing the agitation that more attention and respect be shown to the flag of our country. We Americans all love our country and love our flag, but in the hurry and worry of pressing business too many are inclined to overlook those simple ceremonies so effective in keeping before us, especially the young, our national emblem and the glories past and present for which it stands.

It is the most effective method yet devised to kindle and keep alive those ideals of patriotism which means so much. And "lest we forget" our blessings, our duties and our affections, the raising and lowering of the flag should be marked by special ceremony.

Especially in the schools should these ceremonies be observed.

Every school house in the land should have its flag pole and its flag and every morning as a part of the daily duty "old glory" should be raised aloft to the breeze and every evening it should be lowered, all with a ceremony which will command respect and stimulate patriotism.

Poetry For Today

THE BIG BROTHER.

I remember, I remember
My little trundle bed,
From which Jim used to dump me out

Upon my childish head.
He never seemed to think that I
Might crack my foolish spine—
And I, I looked on Jim as if
He had been half divine.

I remember, I remember
The stream behind the school
Where Jim would duck me till it
seemed

I'd swallowed half the pool.
But, oh! I never told on him!
I felt too honored then,
For I was only six years old,
While Jim was nearly ten.

I remember, I remember
A lot of foolish things
Jim did to me while still he seemed
An angel without wings.
But let me tell you this, good sir,
He does such things no more,
For I am six feet, two, today,
While Jim is five feet, four,
—Judge.

PRACTICAL HEALTH HINT.

Open Air Exercise.

"Walk, walk, walk!" urged Benjamin Franklin. The United States public health service gives the same advice in a bulletin addressed particularly to persons who are more than forty years old. "Take daily exercise," says the bulletin. "Have a hobby that gets you out of doors. Walk to your business or to your dressmaker. Walk just for the sake of walking. Join a walking club and keep your weekly score of miles. Keep chickens, make a garden, play golf—anything to get two hours of outdoor exercise every day." The advice is not new, but it is sound and useful.

Promising.

'Cause he's so full of promise
That he will reach success.

MR. CLEN
DENNING
REMOVEDCharges Against License
Commissioner Sustained.

WILLIS RETURNS VERDICT

Holds Clendenning Guilty of Official
Misconduct For Participating in the
Referendum on the McDermott
Liquor License Act—Clendenning to
Appeal From Decision to the Su-
preme Court.

Columbus, O., Oct. 23. — Sustaining
the charges of misconduct in office
and gross neglect of duty, for partici-
pating in the referendum on the Mc-
Dermott liquor license act, Governor
Willis removed Byron M. Clenden-
ning of Cincinnati as a member of the
state liquor license commission.

Mr. Clendenning and his counsel
said they will appeal to the supreme
court from the governor's decision,
but have not yet decided in what form
the court action will be instituted. If
a successor is appointed to Clenden-
ning, the suit may be one in quo war-
ranto to oust the successor and rein-
state Clendenning, or if no successor
is appointed it may be in the form of
a mandamus to compel the governor
to reinstate Clendenning.

The court action will be based upon
the contention that Clendenning's ac-
tivities in the referendum do not con-
stitute misconduct in office and gross
neglect of duty, that statutes can not
limit the free exercise of a person's
duties and privileges, which are guar-
anteed by the constitution.

The charges were sustained in con-
formity with an opinion of Attorney
General Turner that such activity as
was complained of on the part of Clen-
denning constitutes misconduct in of-
fice and gross neglect of duty in the
meaning of the present liquor license
law and the corrupt practices act.

The governor held that all five
charges which had been preferred
against Clendenning by W. B. Mat-
thews, former sheriff of Delaware
county, had been substantiated by suf-
ficient evidence to warrant his re-
moval. In his formal decision the
governor recites the fact that the pro-
hibition amendment will be a part of
the election and contends that the Mc-
Dermott measure involves the numer-
ical limitation of saloons. These two
points were denied vigorously by Clen-
denning's counsel.

Charges which the governor sus-
tained against Clendenning were that
Clendenning and others, about Aug.
20, entered into an agreement by
which Clendenning willfully used his

official position as state liquor license
commissioner to influence and induce
certain county license commissioners
to engage in the circulation of peti-
tions and placing thereof in saloons
and with certain licensees throughout
the state for the purpose of carrying
out the end sought in bringing about
a referendum on the McDermott act;
that he used the influence of his of-
fice and represented to county license
officials, for the purpose of inducing
them to obtain licenses to circulate
petitions and obtain signatures, that
the state liquor license board would
protect them against removal and to
provide offices for them in case the
referendum were successful.

Other charges sustained were that
Clendenning had neglected his official
duties in using time to telephone
county licensing commissioners; that
he spent about \$28 in telephone bills
in furtherance of the referendum;
that he caused county officials to ne-
glect their duties by sending them to
attend referendum meetings, and that
he caused Charles Dee, an employe of
the state license board, to neglect his
duties by carrying referendum peti-
tions to Cleveland from Columbus.

STOKES IS PRONOUNCED VERY DANGEROUS CROOK

"William Stokes" Still in Local Jail Awaiting Arrival of Officer From Illinois — Authorities Claim He Is One of Smoothest Crooks They Ever Met How He Operated.

Burns Detective Williams, who trailed William Stokes, colored forger to this city and placed him under arrest, left for St. Louis, Friday evening, leaving his quarry in the Fayette County jail in the custody of Sheriff Jones awaiting the arrival of the Sheriff of the Illinois county in which Stokes committed the forgery which led to his capture.

It was the intention of Detective Williams to take Stokes back with him, but the authorities of Mounds, Illinois, asked Sheriff Jones to take charge of the prisoner and deliver him at Mounds.

This request was refused by Sheriff Jones, owing to the length of time it would require to make the trip and he wired the Sheriff at Mounds to send a man after the prisoner, and this will be done within the next day or two.

Meanwhile Stokes has recovered

from his outburst of "insanity" which he so cleverly feigned.

Officers who have talked with Stokes pronounce him one of the most dangerous crooks of his kind they have ever met, and it may be difficult to convict him of the charge placed against him owing to the fact that he usually has someone else to do his writing for him.

His plan, which was successful in every case attempted, and which is said to have been carried on by him for sometime, was to mail a check to himself at some city, in care of the Mayor or chief of police, or some other person, enclosing a check purporting to have been given him by someone in the city where mailed from.

He would then go to the city where the letter was mailed, introduced himself to the unsuspecting victim, obtain the letter and have the man read it to him, saying he could not read or write. He then would enlist the person's aid in having the check cashed, and usually the person would endorse the check. In all cases the check was on the Planters and Traders Bank of Chicago, and it would be several days before the forgery was discovered. In the meantime Stokes would be in some other city working a similar game. He is nearly 80 years of age.

HIGH HONOR AWAITS HIM

PROF. JOHN D. SHOOP.

Unless present plans go awry Prof. John D. Shoop, for several years First Assistant Superintendent of the Chicago Public Schools, which have nearly a half million pupils enrolled, will be chosen Superintendent to succeed Mrs. Ella Flagg Young.

Mrs. Young has announced that she will not be a candidate for the position, and it is generally conceded that Prof. Shoop will succeed her in the position which, with the exception of New York, is the foremost of its kind in America.

Prof. Shoop's rise in the educational world is a shining example of what conscientious and continual en-

deavor will do in making a place in the world.

From Fayette plow-boy to head of the Chicago schools in a long jump, but it is one which has not been accomplished without hard work, and making the most of every opportunity which has presented itself, and in compelling opportunity to present itself by incessant endeavor.

Considerable friction has arisen at various times in the Chicago Board of Education, and at one time Mr. Shoop actually held the position of Superintendent for two weeks. Throughout the turmoil he has quietly proceeded with his duties, confident that his fondest dreams would win out in the end.

HOURS NAMED FOR BURNING LEAVES

The leaf burning nuisance has reached a stage where the Board of Health has again taken cognizance of the matter, and the edict has been issued that from now onward leaves must not be burned in the city other than between the hours of nine o'clock a. m. and two o'clock p. m. The hours above named afford opportunity to burn the leaves at a time when there is little dampness and very little smoke results. It is the intention of the board to rigidly enforce the order by prosecutions if necessary.

REPUBLICANS PASS SET OF RESOLUTIONS

At a meeting of the Republican Executive Committee, held at the Court House Saturday afternoon, the following resolutions endorsing the Willis Administration, commending Hon. Frank C. Parrett and approving the McDermott Liquor License Law, were adopted:

"Be it resolved by the Republican Executive and Central Committees of Fayette County, Ohio:

"That we heartily endorse the administration of Governor Frank B. Willis and the Republican General Assembly in redeeming the platform pledges of the party, and in the enactment of the Sprague Redistricting Law, which will afford the party a fair representation in Congress, so important in restoring the health of business conditions in the country, injured and threatened by the enactment of Democratic tariff laws.

"That we commend the patriotic and earnest efforts of our Representative, Hon. Frank C. Parrett, whose labors have contributed to the fulfillment of party obligations to the people, in the return of taxing powers to the taxpayers, and in the destruction of many political machines created in the interest of the Cox-Finley division of the Democratic party.

"That as an effort is being made to destroy the Sprague redistricting law and the McDermott liquor licensing law, which decentralizes and demolishes the liquor licensing machine so recently employed in a referendum petition in this state; We earnestly urge upon all Republicans and voters to attend the regular election on November 2nd, 1915, and vote for these two enactments, which are in harmony with the will of the people as expressed at the election of 1914.

HIGH PRICED BOAR COMES TO FAYETTE

The thousand dollar Grand Champion Boar, of the Cherry King line, owned by Prof. Munford of the University of Illinois, has been purchased by the H. K. Stewart estate for Spring Hill farm to be used in breeding for the Duroc Jersey disposal sale of February.

The boar was shipped from "Brook Water," Prof. Munford's farm at Ann Arbor, Michigan, reaching this city in good shape Saturday.

B. & O. CASE AGAIN IS POSTPONED

With no oral testimony submitted by the plaintiffs in the action whereby the union station work is tied up by injunction, the hearing in the case was Friday evening postponed to some future date, which is to be announced later.

REPUBLICANS PASS SET OF RESOLUTIONS

The plaintiffs submitted some record testimony and it is understood that when the hearing is resumed, a number of witnesses will be placed upon the stand to show why the temporary injunction should be continued.

Owing to previous engagements on the part of Judge Curtin, who is conducting the hearing, it may be ten days or two weeks before the hearing will be resumed.

It is expected that the contractor who has been in the city awaiting action of the court, will return to Hamilton for the present.

FAYETTE ENCAMPMENT AND FAMILIES MEET

The Odd Fellows' Temple was the scene of a most enjoyable social affair, Friday evening, when members of Fayette Encampment and their families to the number of more than 150 participated in a banquet, musical program and social hour.

The banquet was one of the best ever given in the Temple, and no labor or expense had been spared in making it a decided success.

Grand Patriarch Pierce, of Wellington, Ohio, and Grand Scribe Garrett of Dayton were present and each delivered a very interesting address.

Several musical numbers added to the pleasure of the affair, and the evening's pleasure was closed with dancing.

DEATH OF N. D. POWLESS

Nathaniel D. Powless, aged 66 years, died at his home in Elmwood, Friday night. Funeral at the residence on Grand avenue, Sunday at one thirty o'clock p. m. Burial in Sabina.

Mr. Powless had been an invalid for some time and besides his wife leaves three children: Messrs Robert and Earl of Toledo, and Doan of this city. The two sons will arrive from Toledo for the funeral.

GOPHER SMITH MUST RETURN TO THE WORKS

"Gopher" Smith, after laying in the county jail for weeks awaiting action of the grand jury and since indictment, awaiting trial, Friday afternoon faced Judge Carpenter and upon entering a plea of guilty to a charge of assault and battery, was sentenced to the Xenia workhouse for 90 days and fined \$50 and the costs, and will be required to work out both fine and 90 days.

Smith was charged with assault with intent to kill and was indicted upon that charge and upon a charge of assault and battery, committed upon a young man named Johnson, whom he attacked with a stone. Smith will be escorted to the Xenia workhouse by Sheriff Jones. The workhouse is not new to the young man, who has been confined in it upon several occasions and for various offenses.

It is expected that he will be taken to the workhouse Monday of next week.

In Social Circles

The social meeting of Sugar Grove Union was delightfully entertained by Mrs. Clark McCoy and her niece, Miss Della Templin. The Staunton Union was also invited, there being 16 women in attendance.

Mrs. McCoy is Contest Superintendent and the decorations used were the white draperies and gold letters used in the contest.

The guests spent a merry hour answering the twenty-five questions of a unique original contest prepared by Mrs. McCoy, assisted by Mrs. Elva Post won the first prize and Mrs. Nora Haines the consolation.

Elaborate refreshments were served, the hostesses assisted by Mrs. Everett Wilson and Miss Sylvia McCoy.

The next regular meeting will be held with Mrs. Betty Proffitt.

October 19, 1915 was the twenty-fifth wedding anniversary of Mr. and Mrs. H. B. Maynard of 828 Fourth street west, and was selected by their elder daughter, Miss Clarissa Maynard, for her nuptials, a pretentious and appropriate recognition of the family.

Promptly at 8:30 the ceremony in Christ Episcopal church, officiated by Miss Clarissa Maynard and Mr. Verdon O. Welch of Monticello, was celebrated in the presence of over two hundred guests. The rector, Rev. G. W. Hinkle, read the marriage vows.

Miss Grace Thomson of the musical faculty of the State Teachers' college, Cedar Falls, presided at the wedding, while the friends were assembling, and as she struck the chords of Lohengrin's wedding march, the officiating clergyman, the groom and his best man, Mr. Horace Maynard, a brother of the bride, entered from the rear of the church and took their places at the altar, and simultaneously the bride and her attendants entered the church from the front vestibule.

The ushers led the bridal party down the broad aisle, handsomely decorated with asparagus ferns and marguerites. The ushers were: Messrs. Herbert Weiss, Chicago; Max King, Dallas, Tex.; T. I. George, of Monticello, a college friend of the groom, and Hiram H. Maynard, a

brother of the bride, who is attending school at Marietta, O., and came home for the wedding. Then followed the bridesmaids, Misses Charlotte and Nina Dahl of Washington Court House, O., cousins of the bride, Grace Williams and June Horton, of Waterloo. They wore white gowns with overdresses of green maline and green picture hats, and carried bunches of marguerites and roses. Then came the ring bearer, little Helen Dawes, and sister, Margaret Dawes, who scattered the rose petals. They are from Evanston, Ill., and are cousins of the bride. Miss Marian Ham was maid of honor and Mrs. Tullar, matron of honor. They followed the bride leaning on the arm of her father, with her little sister, Helen, bearing the long court train of her elegant cream satin gown, which was the bridal gown of her mother twenty-eight years ago. She wore a veil which was caught in place by natural orange blossoms and carried flowers. The impressive ring service was read.

The bride has traveled extensively both in this country and in Europe and is a most attractive and beloved young woman. The groom is a graduate of Yale in the law department and is well established in his profession in Monticello, where Mr. and Mrs. Welch will be at home after December 1. They left on a night train mid showers of congratulations and good wishes. —Waterloo Evening Courier, October 29th.

Miss Hazel Gillespie gave a delightful bean supper in compliment to Mrs. Walter McCoy of Greensburg, Ind., Friday evening.

The table was exceedingly pretty, with decorations of autumn leaves and candles under shades of autumn leaves.

The guests were Mesdames McCoy, Fred M. Mark, Howard Allen, Misses Elizabeth Johnson and Nina Mayo.

Mrs. Edgar Snyder pleasantly entertained the Friday afternoon Kensington club. Autumn decorations prevailed and a tempting repast was served.

Mrs. Chas. Wissler and Mrs. Maude Howland of Bloomingburg were guests.

BULGAR COASTS ARE UNDER FIRE

Allied Warships In Aegean and Black Seas In Action.

IMPORTANT PORTS SHELLED

Austro-German and Bulgarian Armies Reported to Be Gaining Ground In Serbia—Greece Declines Offer of Great Britain—Russians Delivering Fierce Strokes on the Sty and In Galicia.

London, Oct. 23.—The Black sea and Aegean sea coasts of Bulgaria are being bombarded by allied warships.

The shelling of the Aegean coast is concentrated upon the thirty-eight mile stretch between Dedeagatch and Port Lagos. Simultaneously, the Russian Black sea fleet began a bombardment of the Bulgarian Black sea coast, especially the ports of Varna and Burgas.

A dispatch from the Bulgarian ex-

ital admits the bombardment of the Aegean coast, but states no damage has been done.

Of the seaports under fire interest centers upon Dedeagatch, the Bulgarian outlet to the Aegean. It is in the immediate vicinity of the Turkish frontier. It was the concession by Turkey to Bulgaria of the railroad station at Dedeagatch and part of the rail to Adrianople that was chiefly instrumental in bringing about the Bulgarian-Turkish agreement which eventually resulted in Bulgaria's joining the central powers.

Dedeagatch is the terminus of the Belgrade-Constantinople railroad and is also connected by rail with Salonica.

The Bulgarian armies of invasion in Serbia made important headway in their efforts to gain complete control of the Salonica-Nish railway. They captured, the German war office claims, Kumanovo and Kuprili (Veles), both on the southern sector of that railway and are closing in on Uskub, twelve miles southeast of Kumanovo and about twenty-five miles northwest of Kuprili.

Berlin claims that besides taking the two important cities on the vital Serbian railway line the Bulgarian forces fighting further south, not far from the Greek frontier, have driven the Serbians across the Vardar southwest of Strumitza. In conflict with the Serbian assertion that the Teutonic invaders in northern Serbia have been repulsed is the claim made by the German war office that General Koevess' Austro-German troops have reached the Arnojevo line as far as the Slatina mountains, while General Von Gallwitz is reported to have advanced to Selevac, Savinovac, Trojnovia and a point north of Ranovac.

Greece has declined for the present the allies' offer to her of Cyprus and other concessions, territorial and financial, in return for her adherence to the Serbo-Greek treaty of alliance, which would mean her military aid to assist in meeting the Bulgarian and Austro-German attacks against her former ally. The reply of Greece to the offer, which reached the foreign office, is a lengthy one. There is reason to believe that the Hellenic kingdom bases its decision not to join the allies on the ground that the Anglo-French force landed at Salonica is not strong enough for the task allotted it.

The Russians, taking advantage of the removal of German troops from other points on the front to reinforce Field Marshal Von Hindenburg for his drive at Riga, which seems to have been checked, have been delivering some fierce strokes at the German center on the Sty and in Galicia. In all these they have had at least initial successes.

NURSE DIED BRAVELY FACING EXECUTIONERS

Died Like Heroine, Says Her Spiritual Adviser.

London, Oct. 23.—The last moments of Edith Cavill, the British nurse who was shot by a German firing squad at Brussels, are described in a report made by Mr. Cahan, the British chaplain, who gave her religious consolation just prior to her execution. The report is transmitted by Brand Whitlock, the American minister at Brussels, to the British foreign office and was made public by the official press bureau.

Mr. Cahan says that he visited Miss Cavill in St. Giles prison on the evening of Oct. 11, after her sentence had been passed in the afternoon. "She was perfectly calm and resigned," the chaplain writes. "Her first words were upon a matter concerning her-

self personally, but the solemn asseveration which accompanied them was made expressly in the light of 'God and eternity.' She wished all her friends to know that she willingly gave her life for her country. 'I have no fear nor shrinking,' she said. 'I have seen death so often it is not strange or fearful to me. I thank God for this ten weeks of quiet before the end. My life always has been hurried and full of difficulty. This time of rest has been a great mercy to me. They have all been very kind to me here, but this I say, standing as I do in view of God and eternity, I realize that patriotism is not enough. I must have no hatred or bitterness towards anyone.' We partook of holy communion together and she received the gospel message of consolation with all her heart. The German military chaplain was with her at the end and afterward gave her a Christian burial. He told me: 'She was brave and bright to the last. She professed the Christian faith and she was glad to die for her country. She died like a heroine.'

El Paso, Tex., Oct. 23.—At the head of an army of 7,000 men General Villa is at Oaxaca, Sonora, seventy miles southeast of Douglas, Ariz. He is moving slowly because of bad roads against Aguas Prieta. The Carranza general, P. Elias Calles, with 16,000 troops and civilians, is barricaded near that point behind line after line of buried mines, trenches and barbed wire entanglements. General Calles declared it would be impossible for Villa's army to rush the town and capture its defenders, but said sufficient artillery might force him to surrender.

NEW LAND IN NORTH EXTENSIVE

Ottawa, Ont., Oct. 23.—Steffanson, Canadian Arctic explorer, believes that the newly discovered land in the Beaufort sea, upon which he has planted the Union Jack in the name of the Dominion, is very extensive and will add many thousands of square miles to the territory of Canada.

A detail report of Steffanson's explorations and discoveries during the past two years was received by overland mail from Herschel island by the naval service department.

The land which Steffanson discovered was northeast of Prince Patrick land. He spent three days on the land and from what he gathered he believes it runs some 300 miles east, but not far west. As far north as he could see were mountain ranges. The land had plenty of game. There were no evidence of musk ox, but plenty of bear and lots of caribou. The birds were very numerous and flocks could be seen flying north in immense numbers, which would lead him to believe that the land ran north a great distance.

MINE OPERATORS SAY LINES GOUGING THEM

Coal Rates Unreasonable and Discriminatory.

Columbus, Oct. 23.—In separate complaints against coal freight rates within the state from the action instituted several weeks ago by the state miners' organization against all steam railroads carrying coal, which now is being heard before the public utilities commission, eastern Ohio operators asked the utilities commission to investigate the rates of four railroads operating in that section and, on final termination, enter an order reducing the rates to a point where they will not be "unreasonable and unjustly discriminatory."

The Pittsburgh Vein Operators' association, comprising all the principal operators in Belmont, Jefferson and Harrison counties, filed complaints against the Wheeling and Lake Erie, Baltimore and Ohio, Pennsylvania and the New York Central railroads, in which it is alleged that the coal rates are "excessive, unreasonable and unjustly discriminatory," and the Cambria Mining company, operating extensive mines in Belmont county, complained separately against the rates charged by the Pennsylvania Railroad company on the same ground.

Though the complaint brought by the miners' organization developed into a contest between the Sunday Creek Coal company, operating in the Hocking district, and the Hocking Valley and Toledo and Ohio Central railroads, which handle most of the coal from that district, the entrance of the eastern Ohio operators with specific complaints against the "four coal-carrying roads in the eastern Ohio district gives promise that an adjustment of coal rates throughout the entire state will be made by the Ohio commission.

HUNTING BORDER RAIDERS

Washington, Oct. 23.—As an immediate result of the Mexican raid near Brownsville in which three United States soldiers were killed, Secretary Garrison ordered the Twenty-eighth regiment of infantry to Harlingen, Tex. This regiment is now at Galveston. It will operate on the border under Major General Funston's orders. The Twenty-third infantry, now at Jacksonville, Fla., in connection with the national rifle matches, will be returned to Galveston to be in reserve in case more troops are needed on the border.

Following a conference between Attorney General Gregory and Secretary of War Garrison it was announced that a large additional number of special agents from the department of justice will be sent to the border districts to co-operate with the military forces. This step was taken on recommendation of General Funston, who expressed the view that such men were needed to ferret the identity of the raiders and their organizations, if such organizations exist.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of looking young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

BROKER ARRESTED

New York, Oct. 23.—Frederick Adams Russell, a broker, was arrested by postoffice inspectors on a charge of using the mails to defraud persons for whom, it is charged, he pretended to be speculating in war stocks. Most of Russell's customers were elderly women, who claim to have been impressed by the defendant's claims to inside knowledge of conditions which would determine the rise and fall of the stocks he handled.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

EXEMPTING PUBLIC BONDS FROM TAXATION.

Be it resolved by the General Assembly of the State of Ohio: Section 1. A proposition shall be submitted to the electors of the State of Ohio, on the first Tuesday after the first Monday in November, 1915, to amend Article XII of the Constitution of the State of Ohio by the addition of Section 12, to read as follows:

JOINT RESOLUTION.
Proposing a supplement to article XII of the constitution of the State of Ohio, by the addition of a section to the designated section 12 of article XII, relative to the exemption of bonds from taxation.

Be it resolved by the General Assembly of the State of Ohio, Three-fifths of the members elected to both houses concurring therein:

That there shall be submitted to the electors of this state in the manner provided by law, on the first Tuesday after the first Monday in November, 1915, a proposal to supplement article XII by an additional section to be designated section 12, article XII of the constitution of Ohio to read as follows:

Section 12. Bonds of the state of Ohio, or of any subdivision or district thereof, authorized by law to issue bonds, issued on or after January 1, 1916, shall be exempt from taxation.

Be it further resolved, That as such election above referred to this supplement shall be placed on the official ballot, in the manner provided by law and designated as follows: "TO EXEMPT BONDS ISSUED ON OR AFTER JANUARY 1, 1915, OF THE STATE OF OHIO, OR ANY SUB-DIVISION OR DISTRICT THEREOF AUTHORIZED BY LAW TO ISSUE BONDS, FROM TAXATION," or in other language sufficiently clear to designate it. It adopted this supplement shall take effect on the first day of January, 1916.

MINE OPERATORS SAY LINES GOUGING THEM

Coal Rates Unreasonable and Discriminatory.

Columbus, Oct. 23.—In separate complaints against coal freight rates within the state from the action instituted several weeks ago by the state miners' organization against all steam railroads carrying coal, which now is being heard before the public utilities commission, eastern Ohio operators asked the utilities commission to investigate the rates of four railroads operating in that section and, on final termination, enter an order reducing the rates to a point where they will not be "unreasonable and unjustly discriminatory."

The Pittsburgh Vein Operators' association, comprising all the principal operators in Belmont, Jefferson and Harrison counties, filed complaints against the Wheeling and Lake Erie, Baltimore and Ohio, Pennsylvania and the New York Central railroads, in which it is alleged that the coal rates are "excessive, unreasonable and unjustly discriminatory," and the Cambria Mining company, operating extensive mines in Belmont county, complained separately against the rates charged by the Pennsylvania Railroad company on the same ground.

Though the complaint brought by the miners' organization developed into a contest between the Sunday Creek Coal company, operating in the Hocking district, and the Hocking Valley and Toledo and Ohio Central railroads, which handle most of the coal from that district, the entrance of the eastern Ohio operators with specific complaints against the "four coal-carrying roads in the eastern Ohio district gives promise that an adjustment of coal rates throughout the entire state will be made by the Ohio commission.

HUNTING BORDER RAIDERS

Washington, Oct. 23.—As an immediate result of the Mexican raid near Brownsville in which three United States soldiers were killed, Secretary Garrison ordered the Twenty-eighth regiment of infantry to Harlingen, Tex. This regiment is now at Galveston. It will operate on the border under Major General Funston's orders. The Twenty-third infantry, now at Jacksonville, Fla., in connection with the national rifle matches, will be returned to Galveston to be in reserve in case more troops are needed on the border.

Following a conference between Attorney General Gregory and Secretary of War Garrison it was announced that a large additional number of special agents from the department of justice will be sent to the border districts to co-operate with the military forces. This step was taken on recommendation of General Funston, who expressed the view that such men

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of looking young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

LOCAL TALENT DRAWS CROWD

The Pastoral Musical Comedy, "Down in Alabam," drew a crowded house Friday night and for two hours continuous applause testified to the enthusiastic reception given to this pretty and versatile home talent play, for the benefit of the Loyal Daughters Class of the Church of Christ.

It was well put on by the Willard Entertainment Bureau of Franklin, O., under the direction of J. Bassett Willard, and scenic effects and costuming were most attractive.

There were seventy-five people in the cast, the amateur work throughout unusually good and the music catchy, with Miss Ella Bachert doing excellent work as accompanist.

The scenes for a southern love drama were laid at Col. Lipscomb's Plantation Home, near Decatur, Ala., with all the "coons from the cotton fields" appearing in a great minstrel act. The first part was entirely minstrel comedy, with the end men, Herschel Williams, Geo. A. Parker, Earl Bins, Walter Springer, Chas. Snider, Julian Kier, Fred Fellers and John Dolittle and J. Bassett Willard interlocutor.

Springer, Snider, Parker and Williams sprung a bunch of new jokes and contributed several song hits to the program. Mr. Sprenger's bass solo, "Thousand Leagues Under the Sea" brought great applause.

The second act was introduced by a beautiful chorus, "Cuddle Up a Little Closer," with Miss Florence Michael, in one of the leading roles, presenting the seven ages of cuddling.

Grandmother, Miss Emma Smith; Grandfather, Geo. Bybee; Baby Nurse, Jeanette Campbell; Bride, Emily Palmer; Groom, Lloyd Overly; Sweethearts, Earl Williams and Gladys Barger; Quarreling Boy and Girl, Floyd Morris, Marjorie Gibson; Tots, Clifton Hazard, Dorothy Sparks.

The cast included J. Bassett Willard, as the Colonel; Miss Ethel Spray a very attractive Mrs. Lipscomb and Miss Michael, their pretty daughter, who with Derral Flint played leading roles. Miss Gladys Jones was extremely good as Eliza,

the old mammy reproducing typical southern scenes with "Pete," Mr. H. Williams, Ruth Tanquary and Anna Lee McFadden were captivating "Goody Goody Girls." The Society Sextette, Mrs. Walter Sprenger, Mrs. Fred Fellers, Miss Edith Buckley, Messrs Earl Peterson, Jesse Moons, Spencer Reno, made a tremendous hit, their stunning costumes a feature of some clever acts.

Among the specialties were the beautiful Japanese Lantern Drill by Mary Foreman, Dorothy Neill, Florence Schadel, Thelma Lauderback, Zoe Burnett, Wilma Dale, Pruanna Deheart, Virginia Hays, Helen Karney, Augusta Foster, very effective with red lights, and the clever stunts of the "picaninies," George Washington Loafer, James Dice; Rastus Sleepyhead, Fred Jones; Jackson Lazybones, Chas. Nelson; Sambo Nevercome, Joseph Wilson; Doliah Dolittle, Paul Bailey; Nicodemus Hindtime, Russel Flee; Webster Quitwork, Duane Neall; Lincoln Slowboy, Ray Snider; Josephus Go-easy, Roy Slagle.

Miss Lucile Chapman sang prettily "Neath the Old Palm Tree," and Amy Kier, Pete and the chorus closed the play with a brilliant ensemble chorus.

The remainder of those taking part figured as "visitors from Memphis." Little Florence Mable Sparks put on the only vaudeville between acts stunt, the tiny girl playing Charley Chaplin to a finish and delighting the audience.

MAYOR SHOULD ARREST THIS GUILTY WOMAN

While passing down an alley a day or two ago I saw a lady looking into her neighbor's back yard, and overheard her remark to herself: "Gee, that woman certainly lives high! I don't see how she can afford it."

Being curious to know the cause of her remark, I also "rubbered" over the fence, and saw some empty cans with the Premier label and some empty cartons with the Ko-We-Ba labels. The cause of the remark was solved. The lady had been guilty of the awful crime of using the purest and highest grade goods on the market.

Life is short at the best; why shorten it by using cheap, inferior goods—when you can get the best there is, Premier or Ko-We-Ba brands for just a cent or so more, at PARRETT'S GROCERY, The Home of Quality. advt.
